THE UNIVERSAL CAR

On March 3, 1920, the Ford Motor Co. advanced the prices of Ford cars because of the increased cost of production. No specific announcement was deemed neceisary at the time, but it has developed that misrepresentations and misquotations of these advanced prices have been and are being given out. So to safeguard the public against the evils of misrep-

Every Tire Is Signed

Two men sign every Miller Tire—the maker and the inspector. Both are penalized if a tire

Under this method, defects have become extremely rare. Not a tire came back for adjustment to many Miller dealers last year. Over 1,000 tires yearly are worn out in Miller factory tests.

All the best rival tires are constantly compared with the Miller, with these results: Millers now excel all rivals, both in average and in uniform mileage. Miller treads outwear rival treads by 25 per

cent on the average. Miller Cords average 15,000 miles - Miller Fabrics from 8,000 to 9,000 miles — in rear-wheel tests under extreme conditions. You will gain a new idea of modern tires when you test a new-type

The super-service of the Miller Tire is now everywhere discussed. Tread Patented

AKE it easier to get around and IVI you make healthier and happier communities. No one any longer questions the worth of the automobile — or begrudges any legitimate expense connected with it.

But millions of car owners are rebelling at the idea that running an automobile has got to mean waste.

Every now and then you hear a neighbor complain that "he doesn't seem to have much luck with tires."

Send him to us.

The minute a man begins to question the service his tires are giving him, he's ready to listen to reason.

Our business is built on the principle that the only way to get better tire service is to get better tires to start with.

That's why we have taken the representation for U.S. Tires.

U. S. Tires have a reputation for quality.

Built up through years of creating better tires. Such as the straight side automobile tire, the pneumatic truck tire

It is not by chance that U.S. Tires are made by the oldest and largest rubber concern in

We are proud to represent U. S. Tires in this community.
